PVC Foam Board

1. Description: PVC foam board is a new high-tech environmental protection building material. The main raw materials are PVC resin, calcium powder and other additives. The product surface can be printed and colored, and can be covered with film or made into various colors. The product is elegant in appearance, comfortable in hand, and has the same processing performance as wood: sawable, Plantable, perforated, nailed, glued, with processing methods such as thermal bonding and plastic welding that wood does not have. It is a high-tech substitute for wood, aluminum and other products, which is of far-reaching significance for saving forest resources, saving resources and protecting ecological environment. The product has flame retardant, moisture proof, acid and alkali resistant, high strength, non-toxic, light weight, heat preservation, sound insulation, strong anti-aging ability and long service life.
2. Detailed product parameters
 - 1) Product Name: PVC foam board
 - 2) Density: 0.4-0.8g/cm³
 - 3) Thickness: 1-30mm

ZIBO JINGGAN REFRACTORY IMPORT AND EXPORT CO.,LTD

- 4) Length: 1220 or 2440mm, can be customized according to the user's needs
- 5) Main ingredients: PVC resin, calcium powder and other processing aids
- 6) Color: white, black, blue, green, red, etc
- 7) Applicable temperature: -50 °C ~ 70 °C
- 8) Bending strength: 45.6mpa
- 9) Damage index: - 5 °C drop hammer impact, 10 times zero crushing
- 10) Service life: no less than 50 years
- 11) Environmental protection standard: in accordance with EN71-3, REACH, ROHS

3, Product characteristics

- 1) Sound insulation, sound absorption, heat insulation and heat preservation performance
- 2) Flame retardant, self extinguishing, safe to use
- 3) It is moisture-proof, mould proof, non absorbent and has good shock proof effect
- 4) The product color will not change for a long time, and it is not easy to age
- 5) The product is light in texture, convenient in storage and transportation and construction
- 6) Use the general wood processing tools to drill, saw, nail, plane and stick the products
- 7) The product is not suitable for hot forming, heating bending and folding

4. Application: advertising industry, decoration industry, furniture production, construction engineering, chemical storage box, packaging materials, and interior decoration of automobile, train, subway, ship, aircraft and other industries.

ZIBO JINGGAN REFRACTORY IMPORT AND EXPORT CO.,LTD

Cabinet, bath cabinet ceiling board, etc.
 Transportation industry: ship, airplane, bus, train car, ceiling board core layer, interior decoration board and other fields

Advertising
 Professional screen printing, display board, color sign and sign, computer lettering

Industrial engineering
 Dampproof, anticorrosion, environmental protection, special insulation

Transportation
 Interior decoration of ship, bus, train car, roof box core layer, container shockproof, thermal insulation lining

Architectural decorative
 Decorative board, sound insulation board, waterproof and water blocking window frame, kitchen utensils, bathing utensils, commercial decorative frame

5. Four reasons for choosing us

1) flame retardant and heat insulation

01 Flame retardant insulation

With flame retardant, self extinguishing, heat insulation and noise reduction, seismic performance, etc

2) Waterproof and dustproof

ZIBO JINGGAN REFRACTORY IMPORT AND EXPORT CO.,LTD

3) High strength, no repeated nailing

4) Convenient construction

ZIBO JINGGAN REFRACTORY IMPORT AND EXPORT CO.,LTD

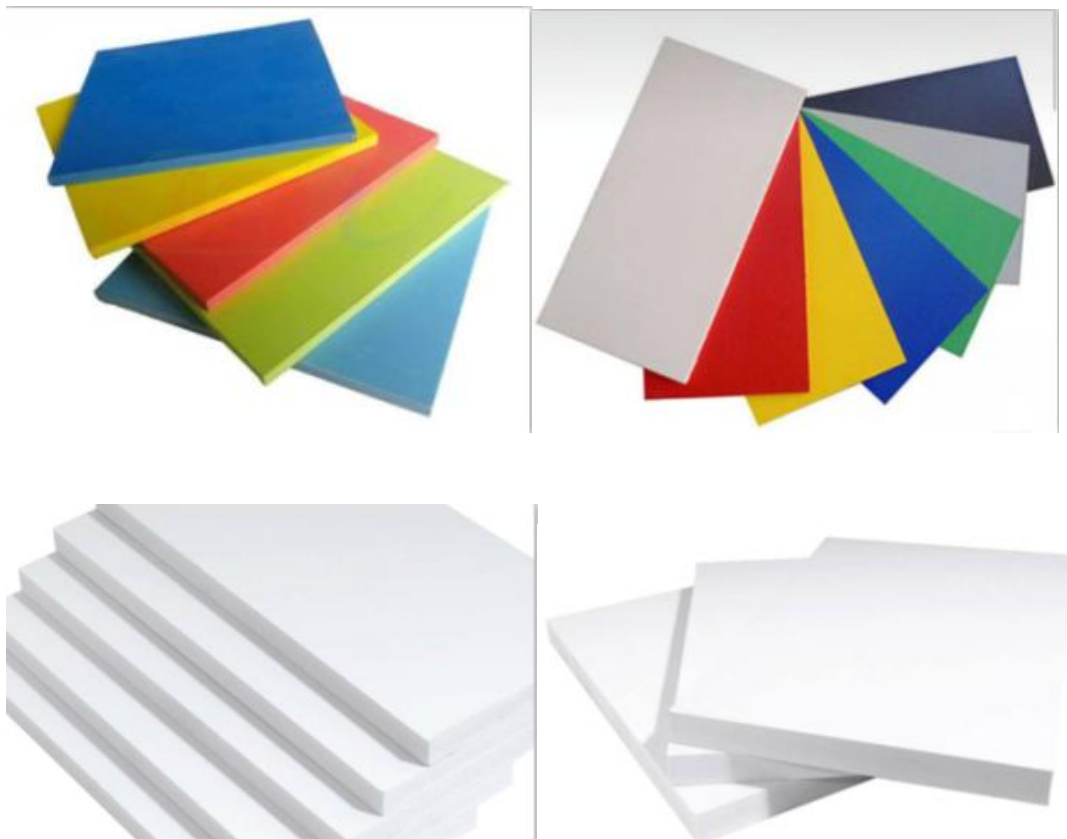

Convenient for construction

04

Light in texture, convenient in storage and transportation and construction, it is a universal material with superior performance

6. Real photos of products

ZIBO JINGGAN REFRACTORY IMPORT AND EXPORT CO.,LTD

7. Quality assurance:

ZIBO JINGGAN REFRACTORY IMPORT AND EXPORT CO.,LTD

Do you want to find a professional supplier of refractory products?

Do you want to find a professional supplier of graphite electrodes?

Do you want to find a stable and credible supplier?

Then let's contact with jinggan company
